

Higher Tea® Programs, Presentations and Products

With divine inspiration, Pamela gave birth to the idea of “Higher Tea” and shares it in many creative ways—an inspiring book and gift, blog, empowering presentations and ongoing women’s circles. She shares wisdom and practical guidance from the *Blueprint for the Human Spirit*® using tea words, images, stories and accoutrements.

HIGHER TEA CIRCLES

Pamela has successfully launched and facilitated many professional and community women’s groups. With her dynamic, cost-efficient, turn-key program – *Create CommuniTea*, she promotes the formation of “higher tea circles.” These ongoing groups for women nourish the mind, body, heart and soul. While participants experience greater awareness, self-improvement and social interaction, parent organizations benefit by developing leaders, enthusiasm and visibility.

Higher tea circles are sacred communities that **enlighten and empower women to embrace and express their divine essence**. As women sip tea, they drink in the wisdom of kindred spirits and experience the divine feminine. Teatime is transformed by deeper intention, meaningful discussion and learning opportunities. A climate of openness brings forth the best in every member and empowers them to share and develop their unique gifts.

Pamela’s program makes initiating a women’s group easy. She uses her extensive leadership skills, community organization experience and program design expertise to create this dynamic program.
