Testimonials

Words cannot express our gratitude for your healing. My daughter has awakened from ten years of being depressed and emotionally trapped in her body and her home with the blinds drawn. We thank you from the bottom of our hearts. M & P

God certainly has a sense of humor – after years of feeling like I'd never find anyone who heard the same tunes or marched to the same rhythm I hear, He sends me someone who He'd already sent me once before. Thank you for bringing joy to my life. MA

Thank you for your wonderful healing we did yesterday on the phone! Your perceptions were spot on and very helpful! I woke today feeling refocused and shifted—for the better! Thank you! KM

I have to tell you I am in awe of you! You have a calm tranquility about you that I was able to feel and bring into my soul. I felt it the whole way home. It was very easy for me to go into meditation mode with you, as my trust was so full and real. I had a beautiful feeling of “other-worldliness” when with you. I know that where I was this afternoon was meant to be and right and perfect for many reasons. Thank you for sharing your heart's truth with me. BK

I can't thank you enough for literally saving my life—you did. Am what I call “environmentally depressed” because I'm bored, but am joining a commission on the disabled and looking at going back to school. Still having neurological issues, but it has been worse and I doubt I will ever be suicidal again, thanks to you! SS

Thank you so much. Everything is going great. I have had very positive feelings after our meeting. You told me you felt something clinging around my neck, almost like a big lizard I couldn't place what that could possibly be when we met, but when I picked up by girls, my youngest clung on to me like she always does, around my neck. She gives me a hard time unless I'm carrying her. I think I found my lizard. Thanks again for the very positive experience. JC
